Jim,

The owner, Olivia Duncan, has requested a letter of our findings at this property.

Summary:

It is unknown if highly exposed persons lived at or visited the property, it is unknown if a person with an asbestos related disease lived at the property, it is unknown if the interior had vermiculite insulation in the past. Primary source material was observed in flowerpots and flowerbeds. No indoor primary sources.

Ms. Duncan has requested a letter be mailed to her and also faxed to the Info Center for her realtor to pick up.
